

Hi,

Can you tell me if you have a **retailer** for the hand cleaner in Victoria, postcode 3155 and surrounding area? My husband is a boilermaker and the hand cleaner at work is crap, he has used Reinol for years and it is the only product that stops his hands from cracking.

Thank you

Regards

**Sylvie Palmer**

It is the best Hand Cleaner I have ever used and as a person that runs a tight ship, it is most cost effective.

**TYRES PLUS**

Besides the OH&S benefits, there is nothing to beat Reinol when it comes to its cleaning ability and skin conditioning effect.

**AUTO BAHN**

**Adrian Dobson**

Reinol solved my dermatitis and I have and would gladly recommend it to anyone.

**MIDLAND AUTOTECH**

**Murray Hampson**

After many years in the trade I can honestly say that there isn't another hand cleaner in the market that comes close to Reinol. It not only out cleans all the others but it also leaves your hands feeling great.
